LESSON 25 – PRESERVE MY OCEANS

English	Odiya Script	Meaning in Odiya
One third of earth's surface is filled with water.		
One third of my body is water.		
Without water, there will be no life on earth.		
Water is life.		
99% of living organisms live in oceans.		
Ocean is largest ecosystem on the earth.		
Ocean is the natural heat buffer and regulate world climate.		
Ocean absorbs major portion of carbon dioxide of atmosphere.		
Phytoplanktons of ocean produce almost 50% of world's oxygen.		
Ocean fishes are major source of livelihood and major contributor for world's food security.		
90% of world's trade is routed through sea.		
95 percent of India's trade by volume and 70 per cent by value is done through sea.		
I promise to preserve oceans and water bodies.
