

BALABHADRA SKILL DEVELOPMENT ACADEMY
GEOGRAPHY QUESTION BANK – 2
(EARTH, BOUNDARY LINE, FACTS ON INDIA AND
NEIGHBOURS OF INDIA, HIMALAYAS)

Time: 1 Hour

Full marks: 59

Pass marks: 47

1. Length of the Orbit of earth is ____.
2. Minimum distance of earth from the Sun (Perihelion) is ____.
3. Maximum distance of earth from the Sun (Apehelion) is ____.
4. Time taken by the Sunlight to reach Earth is ____.
5. Highest Point of the Earth is ____.
6. Height of Mount Everest from mean sea level is ____.
7. Deepest Ocean Point of the Earth is ____.
8. Mariana trench is in ____ and its depth is ____.
9. Average Depth of Ocean of the Earth is ____.
10. Mean surface temperature of earth is ____.
11. ____ is known as time coordinates of earth.
12. ____ is known as temperature coordinates of earth.
13. Inclination of Polar Axis of earth with Orbital Plane is ____.
14. International Date Line of Earth is ____.
15. Between Pakistan and Afghanistan boundary line is ____.
16. Between India and Pakistan boundary line is ____.
17. Between India and China boundary line is ____.
18. Pakistan claims that boundary between India and Pakistan in Rann of Katchh is ____.
19. Between North Vietnam and South Vietnam boundary line is ____.
20. Between North Korea and South Korea boundary line is ____.
21. Between Canada and USA boundary line is ____.
22. Between Germany and Poland boundary line is ____.
23. Between Germany and France boundary line is ____.
24. Fortification between Germany and France boundary line is called ____.
25. Between Germany and Poland boundary line is ____.
26. Total Geographical area of India is ____.
27. Total length (N-S) of India is ____.
28. Total Width (E-W) of India is ____.
29. Latitudinal Extent (Mainland) of India is ____.
30. Longitudinal Extent of India is ____.
31. Southern-most Point of Indian Mainland is ____.
32. Southern-most Point of India is ____.
33. Largest Riverine Island of India is ____.
34. Largest Oceanic Island of India is ____.
35. Coldest Place of India is ____.
36. Hottest Place of India is ____.
37. Wettest Place of India is ____.
38. Active Volcano of India is ____.
39. Largest Plateau of India is ____.
40. Tropic of Cancer passes through India (True/False).

41. Indian Standard Meridian is ____ and passes through ____.
42. There are ____ states and ____ union territories in India.
43. The immediate neighbours of India are ____, ____, ____, ____, ____,
____ and ____.
44. India and Sri Lanka are separated by ____.
45. Indian states that share border with of Pakistan are ____, ____, ____,
and ____.
46. Indian states that share border with of China are ____, ____, ____,
and ____.
47. Indian states that share border with of Myanmar are ____, ____, ____ and
____.
48. Indian states that share border with of Bangladesh are ____, ____, ____,
____ and ____.
49. Indian states that share border with of Nepal are ____, ____, ____,
and ____.
50. Indian states that share border with of Bhutan are ____, ____, ____ and
____.
51. The only state/UT of India touching the border with Afghanistan is ____.
52. ____ became 29th State of India after separation from Andhra Pradesh.
53. Telangana shares its boundaries with ____, ____, ____, ____ and ____.
54. ____ are young fold mountains of tertiary period which were folded over
Tethys Sea due to intercontinental collision.
55. The Himalayas extend about 2500 km between ____ and ____.
56. The first and oldest phase is formation of inner Himalayas and formed during
____.
57. The second phase led to formation of Middle Himalayas and formed
during ____.
58. The third and latest phase was formation of Outer Himalayas and formed
during ____.
59. India shares maximum length of boarder with ____.

BALABHADRA SKILL DEVELOPMENT ACADEMY
GEOGRAPHY QUESTION BANK – 2 (ANSWER)
(EARTH, BOUNDARY LINE, FACTS ON INDIA AND
NEIGHBOURS OF INDIA, HIMALAYAS)

1. 960 million km
2. 147.9 million km
3. 152.1 million km
4. 8 min 18 sec
5. Mt. Everest
6. 8848.86 m
7. Mariana Trench
8. Pacific Ocean, 11,034 m
9. 3.730 mts
10. 14°C
11. Longitude
12. Latitude
13. 23 deg. 26 min & 59 sec
14. 180° E/W
15. Durand Line
16. Radcliff Line
17. McMahon Line
18. 24th Parallel
19. 17th Parallel
20. 38th Parallel
21. 49th Parallel
22. Hindenberg Line
23. Maginot Line
24. Seigfried Line
25. Odernisse Line
26. 3.28 million km², which is 2.4% of the world's total area
27. 3214 kms
28. 2933 kms
29. 8°4' N to 37°6' N
30. 68°7'E to 97°25'E
31. 8°4'N, Kanyakumari or Cape Camorin
32. 6 1/2°N, Indira Point in Great Nicobar
33. Majuli Island (1500 Sq Km, Brahmaputra, Assam)
34. Middle Andaman
35. Drass (in J&K -45°C)
36. Phalodi (in Jodhpur District)
37. Mawsynram & Cherrapunji (Meghalaya)
38. Barren Island (A&N Islands)
39. Deccan Plateau
40. True
41. 82° 1/2 E, Naini near Prayagraj
42. 29,7
43. Pakistan, Afghanistan, China, Nepal, Bhutan, Myanmar, Bangladesh, Sri Lanka

44. Palk strait
45. Jammu and Kashmir, Ladakh, Punjab, Rajasthan, Gujarat
46. Ladakh, Himachal Pradesh, Uttarakhand, Sikkim, Arunachal Pradesh
47. Arunachal Pradesh, Nagaland, Manipur, Mizoram
48. Mizoram, Tripura, Assam, Meghalaya, West Bengal
49. Uttarakhand, Uttar Pradesh, Bihar, West Bengal, Sikkim
50. Sikkim, West Bengal, Assam, Arunachal Pradesh
51. Ladakh
52. Telangana
53. Maharashtra, Chhattisgarh, Karnataka, Andhra Pradesh, Odisha
54. The Himalayas
55. Indus, Brahmaputra
56. Oligocene period
57. Miocene period
58. Post-pilocene period
59. Bangladesh
